well! It was like a house and Ryan and I shared a room. Then Pfeiffer Beach was so cool! It is my Grandmas favorite place. Now we are here! Our most favorite of all there is so much to discover. It is our first time to visit the aquarium.

Keegan, age 5 ½

January 2015

We went to fisherman's wharf and ate dinner. Today we will go to point lobos. I like my bed.

Amanda, age 5

One time at Portola Hotel & Spa, we went treasure hunting, Aargh! It was a mighty fine day! My brother, parents and I looked at the map and searched until we found a buried treasure. It was gold and an eye patch. Then we took a walk around town. We walked over 4 miles. On our last day we are going to the aquarium. We had the best time! I am so happy we came to Monterey and Portola! I can't wait to come back and get my root beer float!

Ryan Wilke, age 9

My Portola experience was one I will never forget. First, I got to become a pirate and hunt for buried treasure with the Portola Pirates Program. Next, I got to go on a 2 mile track from the hotel all the way to the Fish Hopper. After that we got ice cream at a Ghirardelli shop and went 2 miles back home. The last day of our visit was the best because we went to the Monterey Bay Aquarium!!! That is why I will never forget my Portola experience.

Nick, age 11

I went to the Aquarium and I saw a bat ray. I had fun at the hotel looking for treasure.

Max, age 7

First we went out of our hotel. We explored the treasures of our hotel lobby. We learned about pirates. We saw all of the model ships. We ran to the candy store. The End.

Gavin Beers, age 6

Our voyage started after breakfast. First we traveled to the lobby and found 2 Jack signs and then went into Jacks and found 3 model ships. We also saw a pattern of stripes and then we sailed to the candy shop and the pirate had a pirate hat. We sailed out of the candy store and saw the Custom House Plaza and we went back to the lobby. We already knew there were 12 trees in the lobby so we looked at the Great Republic Ship and saw that it was built in 1853 and then we saw 9 diamonds. The End.

Aidan Beers, age 10

December 2014

Once upon a time there was a pirate named, Sussy and a crew of 15. Her ship was huge and one night Sully accidently crashed her ship so she ended up walking to the Portola Hotel and Spa and asked, "Can we stay here?" The Front Desk person replied, "Do you have money?" Sussy pulled out a bag of gold and diamonds. Sussy and her crew stayed three nights and a day and recommends the Portola Hotel and Spa to all of her pirate friends.

Rilee Demartini, age 11

There was a gingerbread girl named Lilly. Lilly's brother got eaten by the wolf and she did not want to get eaten by the wolf or she would be in the wolf's belly.

Kayle Demartini, age 7

I had a really fun time at the museum and on my treasure hunt! I can't wait to do it again next year!

Olivia Palomar, age 8

I had a great time in Monterey. This is what I did: I went to the Aquarium and Dennis the Menace playground. At the aquarium we saw hammerhead sharks, jellyfish, octopus, schools of fish, seahorses, otters, and stingrays. At the park I saw my cousins. We played on the playground together. I was sad when we had to go. I saw my cousins again in the lobby of my hotel. When we went to the shop I made a coin and got a bracelet for the coin. The End.

Megan Weiss, age 7

Today, my family and I went to the Monterey Bay Aquarium. When we started to explore the aquarium, I was amazed at how many animals there were! First, we watched the sea otters. They were cute and really funny. Next, we looked at the jellyfish exhibit. The jellyfish came in many colors and sizes, and I also learned many facts about jellyfish. Finally, my family and I went to see the touch pools. It was fun touching the animals and it gave me insight into animals lives. Overall, the Monterey Bay Aquarium was an amazing place to visit.

Prantik Bharadwaj, age 11

Once upon a time, there was a girl named Nancy. She was a pirate too! She was on a ship. One stormy night, the ship was shaking. It had a crack. Nancy was feeling really dizzy. The crew was feeling all right. She fell in the sea. She screamed, "Ahhh!" The crew did not care, until they woke up and saw Nancy in the water. They tried to help her, but she could not get up. On her last try, she did it! A souvenir was for her, a pirate hat. The End!

Hi everyone! I'm Mia and I'm going to tell you my story about Monterey: One Monday me and my family were headed here, to Monterey. It was a long long Long car drive, I wish we took a plane. I watched Frozen in the car we got there we got all our bags out of the car, I carried my backpack. Then we found out our room number at the frount desk, we got welcome cookies too. Yum. We went to our room, and saw a problem....there were only two BEDS! (we had 4 people in our family.) so we had to fit 2 people in each bed. The next day we went to breakfast, then saw the aquarium. It was so cool. Then we went back to the hotel and changed for the beach it was a blast! Thank you Monterey for making my vacation so special.

This way, that way, opps wrong way. Follow the map, find the treasure, look and see what's there. This way, that way, forwards, opps wrong way. This is confusing and hard but I like it so much. This way, that way, backwards, forwards. A treasure hunt is very fun, and it needs to be done. When, oh, when will we find that treasure, I already collected facts, but there's more, open the door and see whats there. This way, that way, forwards, I FOUND TREASURE!

We ate at Peter B's Brewpub for dinner. It was the best restaurant ever. My trip here was 3 hours. We watched 2 movies to get to this fabulous hotel. It was worth it. The lemon sorbet was the best in the world. My Mom was to full to order some of it. I am going to swimming and relax in the hot tub. You have to come.

On my marvelous vacation to Monterey I had lots of adventures. I went to the bottom of the sea to see where the Great Republic ship was lost and when it was built and lost at the big wide ocean. I also went to the secret hiding place of Jacks Restaurant to see how many model ships Jack built. A weird thing was that the hiding place of Jacks was covered with stripes. I went to the sweet land of candy to see that a pirate was to greet me at the door. Last I went to the ship of Pirate Peter B's to see how many model ships he had built. I also went to the depths of the Monterey Bay Aquarium to see all the dangerous and fierce animals. I hope I come back to Monterey again.

September 2012

One day I went to a park. When I went to the zipline part of the park the incident happened. Some guy said "use my coat as zipline." I said "no." He kept on bugging me. Anyway I grabbed the bar on the zipline but, I didn't have a good grip so I plunged down to the ground. Son my Mom said "What happened!?" so I told her then she alarming drove me to the emergency room in the hospital she worked at. I went in the hospital I don't want to explain what happened it was a little unexpected. I had three staples in my head. I thought everyone would tease me at school because they would say "you have the most terrible grip in the world." When I got to school they were amazed about what happened."

When I went to the aquarium I saw some sharks. Next I saw starfish, otters and jellyfish. When I saw the sharks it made me feel like if I was a pirate on a boat. When I saw the otters it made me feel like I was a pirate seeing them eat. You should always have fun at the aquarium because it's a fun place.

Andrea Bautista, age 9

Let me tell you about the time I went to the Aquarium! The first thing I saw was the sharks, it was really cool! Next I saw the fish! I also saw starfishes and flamingos. The coolest thing I saw was the X-ray!

March 2012

I was at My Museum with my mom & sister. I found out that one of the toys were gone. So I volunteered to help find the toy. I found this map that led me to the Aquarium. Then I found another map at the shark's tank that led me to another room. Where I found a footprint where the toy was hidden. I took the toy back to My Museum, but I had a measuring tape in my pocket, so I went back to the footprint and measured it. I measured all the feet of everyone I knew and of all the people that worked at the Aquarium. After taking all the measurements, I realized it was the boss of the Aquarium who took the toy. I made him confess and he said he was sorry and took the toy back to My Museum. Everybody was happy. **Jeremiah Hilbert, age 7**

I went to the Aquarium with my class and we swam with the sharks. I hung on the shark's fin and the shark tried to eat me! Then I saw a dolphin, I thought it was coming to help me, but as it got closer I saw it was another shark. I swam away and went back with my class. All of a sudden my class disappeared and the shark was right behind me! I saw another dolphin and thought it was another shark, but it was really a dolphin. I jumped on the dolphin and tried to find my class. I found my class and I was happy.

Abbey Hilbert, age 8

My favorite part about My Museum was making a Tiger with all their crayons and stickers. I got to play in the bubble and went in the giant tree house. When I went to the Aquarium I saw all the sharks! I got to see hammerhead shark too that was my favorite.
